Product anatomy

ROOF-TEX WATERPROOF

One of the most excellent waterproof materials in the world, the surface film contains capillary pores, which are about 1/10,000 of the size of water droplets and 700 times larger than gas molecules. It is waterproof and has good air permeability.

COMFORT MEMO ANTI-FATIGUE TECHNOLOGY

It took 5 years for ROCKROOSTER to develop patented anti-fatigue insole technology to relieve foot fatigue caused by long-term walking.

It is a high-functional textile with a special fiber moisture management system, which can quickly evaporate the heat, making you feel cool and comfortable when you wear them.

poronXrd extreme impact protection

It is a memory foam cushioning material developed by Rogers Corporation, which can remember the initial shape and provide continuous fit and long-lasting comfort for the feet.

Cushioning polyurethane foam

Vibram®

The creator of the world's first pair of rubber soles.
